Hospice Charity

COMPASSION IN ACTION

Enhancing care at Priscilla Bacon Lodge

WHO WE ARE

Founded in 2016, the Priscilla Bacon Hospice Charity plays a vital role in the delivery of palliative care in Norfolk. Its initial aim was to fund and build the new Priscilla Bacon Lodge, a state-of-the-art hospice providing NHS-funded end of life care, replacing the original facility on Unthank Road, Norwich. Opened by King Charles III in October 2023, the new Lodge carries forward a 44-year legacy of compassionate service.

The Charity now enriches care, which is delivered by Norfolk Community Health and Care NHS Trust, at the Lodge by creating a warm, homely environment with freshly prepared meals, beautiful gardens and specialist equipment.

Key enhancements funded by the Charity include:

- **Bereavement Support:** Café drop-ins, therapy groups and counselling
- **Garden Wellbeing Pavilion:** A serene space for families
- **Music Therapy:** Available to all patients
- **Community Art Sessions:** Held in the Lodge's garden
- **Complementary Therapies:** Including massage, aromatherapy and mindfulness

Ongoing community support through donations, fundraising and voluntary involvement is essential for expanding services and enhancing end of life care for patients and their loved ones.

“Without Priscilla Bacon Lodge, I have no doubt that my mother would have continued to suffer at home. Five days at the Lodge changed everything.”

by our
charity shops

OUR PLANS FOR THE FUTURE

- Increase capacity within the bereavement service and introduce family therapy
- Expand complementary therapy
- Identify collaborative research opportunities
- Employ a Community Connector to raise awareness and understanding of hospice services
- Increase volunteering opportunities
- Develop a hair and beauty salon for patients and their loved ones
- Launch a Men's Shed in our gardens

Your donations are crucial to enhance care for patients and their loved ones at Priscilla Bacon Lodge
